2. THE BOARD OF DIRECTORS

(a) Roles and Responsibilities of the Board

The Board is accountable to the shareholders and investors for the overall performance of the Company and takes responsibility for monitoring the Company's business and affairs and setting its strategic direction and overseeing the Company's financial position.

The Board is responsible for:

- ensuring the Company's conduct and activities are ethical and carried out for the benefit of all its stakeholders;
- development of corporate strategy, implementation of business plans and performance objectives;
- reviewing, ratifying and monitoring systems of risk management, codes of conduct and legal and regulatory compliance;
- the appointment of the Company's Managing Director, Chief Executive Officer (or equivalent), Chief Financial Officer, Company Secretary and other senior executives;
- monitoring senior executives' performance and implementation of strategy;
- determining appropriate remuneration policies;
- allocating resources and ensuring appropriate resources are available to management;
- approving and monitoring the annual budget, progress of major capital expenditure, capital management, and acquisitions and divestitures; and
- approving and monitoring financial and other reporting.

Other than as specifically reserved to the Board, responsibility for the day-to-day management of the Company's business activities is delegated to the Chief Executive Officer and Executive Management.

The Company does not currently have a Board Charter.

(b) Board Composition

The Directors determine the composition of the Board employing the following principles:

- the Board, in accordance with the Company's constitution must comprise a minimum of three Directors;
- the Board should represent a broad range of qualifications, experience and expertise considered of benefit to the Company; and
- the Board must be structured in such a way that it has a proper understanding of, and competency in the current and emerging issues facing the Company, and can effectively review management's decisions.

At this stage, the Company does not have a formal board skills matrix setting out the mix of skills that the Board currently has or is looking to achieve in its membership.

At the end of the financial year, the Board comprised of one Executive Director and two Non-Executive Directors. The skills, experience, expertise, qualifications and terms of office of each director in office during the financial year ended 30 June 2021 is included in the Directors' Report.

The Board currently comprises a majority of non-executive directors. As outlined in the Chairman's Report for the financial year ended 30 June 2021, corporate governance resourcing is in the

process of being enhanced by expanding our current three Director Board to five Directors. The Board also intends to transition to an Independent Chair. The Board is seeking to expand the skills and experiences of Directors to support the Company through its next exciting phase.

Currently, the Chair is not independent and the role of Chairman and Chief Executive Officer are exercised by the same person. However, as noted above, the appointment of an Independent Chair is proposed.

The Company's constitution requires one-third of the Directors (or the next lowest whole number) to retire by rotation at each Annual General Meeting (AGM). The Directors to retire at each AGM are those who have been longest in office since their last election. Where Directors have served for equal periods, they may agree amongst themselves or determine by lot who will retire. A Director must retire in any event at the third AGM since he or she was last elected or re-elected. Retiring Directors may offer themselves for re-election.

A Director appointed as an additional Director by the Board will hold office until the next AGM when they may be re-elected.

The Executive Chairman is not subject to retirement by rotation and, along with any Director appointed as an additional Director, is not to be taken into account in determining the number of Directors required to retire by rotation.

Each Executive Director and each member of the senior executive team sign a formal employment contract at the time of their appointment covering a range of matters including their duties, rights, responsibilities and any entitlements on termination. The terms of appointment of each Non-Executive Director are set out in a written letter of appointment.

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

(c) Chairman and Chief Executive Officer

The Chairman is responsible for:

- leadership of the Board;
- the efficient organisation and conduct of the Board's functions;
- the promotion of constructive and respectful relations between Board members and between the Board and management;
- contributing to the briefing of Directors in relation to issues arising at Board meetings;
- facilitating the effective contribution of all Board members; and
- committing the time necessary to effectively discharge the role of the Chairman.

The Chief Executive Officer is responsible for:

- implementing the Company's strategies and policies; and
- the day-to-day management of the Company's business activities.

Board policy specifies that the roles of the Chairman and the Chief Executive Officer should be separate roles to be undertaken by separate people. Presently, the role of Chairman and Chief Executive Officer are exercised by the same person. The Board has determined that, at this stage of the Company's development, it is appropriate to separate these roles and accordingly is

proposing to appoint an independent Chair.

(d) Nomination Committee

The Company does not comply with ASX Recommendation 2.1. The Company is not of a relevant size to consider formation of a nomination committee to deal with the selection and appointment of new Directors and as such a nomination committee has not been formed.

Nominations of new Directors are considered by the full Board. If any vacancies arise on the Board, all directors are involved in the search and recruitment, and this is the process which will be adopted in respect of the proposal, discussed elsewhere in this statement, to expand the Board. The Board has taken a view that the full Board will hold special meetings or sessions as required to consider a candidate's background and experience. The Board is confident that this process for selection and review is stringent and full details of all Directors are provided to shareholders in the annual report and on the Company's website.

The Company undertakes appropriate checks before appointing a Director or senior executive, or nominating someone for election as a Director. Further, the Company provides shareholders with all material information relevant and available to it to permit shareholders to decide on whether or not to elect or re-elect a Director.

The Board considers that, at this stage of the Company's development, it is appropriate that the induction program for new Directors be conducted on an informal basis. The Company does provide appropriate professional development opportunities for Directors to develop and maintain the skills and knowledge needed to perform their role as Directors effectively.

(e) Independent Directors

The Company recognises independent Directors are important in assuring shareholders the Board is properly fulfilling its role and is diligent in holding senior management accountable for its performance. The Board assesses each of the directors against specific criteria to decide whether they are in a position to exercise independent judgment.

Directors of Spacetalk are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

In making this assessment, the Board considers all relevant facts and circumstances. Relationships that the Board will take into consideration when assessing independence include those set out in Box 2.3 *Factors relevant to assessing the independence of a director* of the Principles and Recommendations.

In accordance with the definition of independence above, and the materiality thresholds set, the following Directors of Spacetalk Ltd. were considered to be independent:

Name	Position
Leila Henderson	Non-Executive Director
Glen Butler	Non-Executive Director
Martin Pretty	Non-Executive Director
Brandon Gien	Non-Executive Director

The following persons were directors of Spacetalk Ltd. during the financial year:

Name	Term of Office
Mark Fortunatow	Since 3 October 2003
Leila Henderson	7 July 2014 - 31 October 2020
Glen Butler	31 August 2017 - 31 October 2020
Martin Pretty	Since 18 May 2020
Brandon Gien	Since 18 May 2020

The Board comprises a majority of independent non-executive directors.

The Board recognises the importance of independent views and the Board's role in supervising the activities of management. As noted elsewhere in this statement, corporate governance resourcing is in the process of being enhanced by expanding our current three Director Board to five Directors. The Board also intends to transition to an Independent Chair. The Board is seeking to expand the skills and experiences of Directors to support the Company through its next exciting phase.

(f) Avoidance of conflicts of interest by a Director

In order to ensure that any interests of a Director in a particular matter to be considered by the Board are known by each Director, each Director is required by the Company to disclose any relationships, duties or interests held that may give rise to a potential conflict. Directors are required to adhere strictly to constraints on their participation and voting in relation to any matters in which they may have an interest.

(g) Board access to information and independent advice

Directors are able to access members of the management team at any time to request relevant information.

There are procedures in place, agreed by the Board, to enable Directors, in furtherance of their duties, to seek independent professional advice at the Company's expense.

Directors also receive copies of all material market announcements promptly after they have been made to ensure they have timely visibility of the information being disclosed to the market.

(h) Review of Board and senior executives' performance

The performance of the Board and senior executives is reviewed regularly by the Chairman. The Chairman conducts performance evaluations which involve an assessment of each Board member's and senior executive's performance against specific and measurable qualitative and quantitative performance criteria. The Board member and senior executive assessment measures are the responsibility of the Chairman. The performance criteria against which directors and senior executives are assessed is aligned with the financial and non-financial objectives of Spacetalk. Primarily, the review will be carried out through consultation by the Chairman and with individual Directors and senior executives. A performance evaluation of the Board, directors and senior executives, in accordance with the process disclosed did take place during the reporting period.

3. BOARD COMMITTEES

(a) Audit Committee

Given the size and scale of the Company's operations the full Board undertakes the role of the Audit Committee.

Recommendation 4.1 is not complied with as the full Board undertakes the role of the Audit Committee.

The role and responsibilities of the full Board undertaking the role of the Audit Committee are summarised below.

The Audit Committee is responsible for reviewing the integrity of the Company's financial statements and overseeing the independence of the external auditors. The Board sets aside time to deal with issues and responsibilities usually delegated to the Audit Committee to ensure the integrity of the financial statements of the Company and the independence of the auditor.

The Board reviews the audited annual and half-year financial statements and any reports which accompany published financial statements and recommends their approval to the members. The Board also reviews annually the appointment of the external auditor, their independence and their fees.

The Board is also responsible for establishing policies on risk oversight and management. The Company has not formed a separate Risk Management Committee due to the size and scale of its operations.

(b) External Auditors

The Company's policy is to appoint external auditors who clearly demonstrate quality and independence. The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs.

An analysis of fees paid to the external auditors, including a breakdown of fees for non-audit services, is provided in the notes to the financial statements in the Annual Report.

There is no indemnity provided by the Company to the auditor in respect of any potential liability to third parties. The external auditor is requested to attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and preparation and content of the audit report.

There were no non-audit services provided by the auditors during the year.

(c) Remuneration Committee

The role of a Remuneration Committee is to assist the Board in fulfilling its responsibilities in respect of establishing appropriate remuneration levels and incentive policies for employees.

The Board has not established a separate Remuneration Committee due to the size and scale of the Company's operations. This does not comply with Recommendation 8.1 however the Board as a whole takes responsibility for such issues.

The responsibilities include setting policies for senior officers remuneration, setting the terms and conditions for the CEO, reviewing and making recommendations to the Board on the Company's incentive schemes and superannuation arrangements, reviewing the remuneration of both executive and non-executive directors and undertaking reviews of the CEO's performance.

The Company has structured the remuneration of its senior executives, such that it comprises a fixed salary, statutory superannuation and, where applicable, incentive payments. The Company believes that by remunerating senior executives in this manner it rewards them for performance and aligns their interests with those of shareholders and increases the Company's performance.

Non-executive directors are paid their fees out of the maximum aggregate amount approved by shareholders for non-executive director remuneration. The non-executive directors do not participate in any schemes for retirement benefits, other than superannuation. The Company has and may, in the future, grant performance rights (or similar equity-based remuneration) to non-executive directors. The Board is of the view that performance rights or similar equity-based remuneration (for both executive and non-executive directors) are a cost effective benefit for small companies such as Spacetalk Ltd. that seek to conserve cash reserves. They also provide an incentive that ultimately benefits both shareholders and, in the case of performance rights, the holders, as performance rights holders will only benefit if the relevant performance milestones are achieved. Ultimately, shareholders will make a determination regarding equity-based remuneration for non-executive directors, as the granting of performance rights to directors is subject to ASX listing rule approval by shareholders.

The Board's policy is to remunerate Directors at market rates for time, commitment and responsibilities. The Board determines payments to the Directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. Fees for Non-Executive Directors are not linked to the performance of the consolidated entity.

The Company's aim is to remunerate at a level that will attract and retain high-calibre directors and employees.

Company officers and Directors are remunerated to a level consistent with the size of the Company.

The Board believes that it has implemented suitable practices and procedures that are appropriate for an organisation of this size and maturity.

In determining remuneration, the Board has taken a view that the full Board will hold special meetings or sessions as required. No Director participated in any deliberation regarding his or her own remuneration or related issues. The Board is confident that this process for determining remuneration is stringent and full details of remuneration policies and remuneration received by directors and executives in the current period is contained in the "Remuneration Report" of this Annual Report.

The Company's Share Trading Policy states that all directors and employees are prohibited from dealing in the Company's securities where transactions are entered that limit the economic risk of participating in unvested entitlements, such as unvested options, under an equity based executive or employee incentive plan.

4. ETHICAL AND RESPONSIBLE DECISION MAKING

(a) Code of Ethics and Conduct, Statement of Values

A code of conduct has been established. The Board endeavours to ensure that the Directors, officers and employees of the Company act with integrity and observe the highest standards of behaviour and business ethics in relation to their corporate activities.

Senior managers are expected to ensure that employees, contractors, consultants, agents and partners under their supervision are aware of the Company's expectations.

All Directors, officers and employees are expected to:

- comply with the law;
- act in the best interests of the Company;
- be responsible and accountable for their actions; and
- observe the ethical principles of fairness, honesty and truthfulness, including prompt disclosure of potential conflicts.

A whistleblower policy has been established to encourage employees to report any unlawful, unethical or irresponsible behaviour with protection from retaliation or victimisation. The Company also has an anti-bribery and corruption policy, prohibiting the giving of bribes or other improper payments or benefits to public officials.

The code of conduct, whistleblower policy and anti-bribery and corruption policy are available on the Company's website.

(b) Diversity Policy

The Company has established a diversity policy and a summary of the policy is available on the Company's website.

At this stage however, due to the limited size of the Company and scale of its operations, the Board has not established measurable objectives for achieving gender diversity. The policy does not include requirements for the board to establish and annually assess measurable objectives and the progress towards achieving gender diversity.

As at 29 September 2021, the proportion of men and women employees in the organisation, in senior executive positions and on the board is as follows:

	Men	Women	Total
Organisation	39	16	55
Senior executive positions	4	2	6
Board	3	0	3

5. TIMELY AND BALANCED DISCLOSURE AND RESPECTING THE RIGHTS OF SHAREHOLDERS

(a) Shareholder communication

Due to the size of the Company, it is not considered that an investor relations policy is required.

The Company via its website, <http://www.spacetalkwatch.com/> provides information to investors about the Company and its governance. The website has an "Investor Centre" landing page from where relevant corporate governance information can be accessed, including the names and information related to the Company's directors and the Company's diversity policy.

The Company also includes links in appropriate areas of the website to:

- copies of its annual reports and financial statements;
- copies of its announcements to ASX; and
- an overview of the Company's current business.

The Company believes that all shareholders should have equal and timely access to material information about the Company including its financial situation, performance, ownership and governance. The Company endeavours to effectively communicate with its shareholders by requiring that Company announcements:

- be factual and subject to internal vetting and authorisation before issue;
- be made in a timely manner;
- not omit material information;
- be expressed in a clear and objective manner to allow investors to assess the impact of the information when making investment decisions;
- be in compliance with ASX Listing Rules continuous disclosure requirements; and
- be placed on the Company's website promptly following release.

Shareholders are encouraged to participate in general meetings. Copies of addresses by the Chairman / Chief Executive Officer are disclosed to the market and posted on the Company's website. The Company's external auditor is available at the Company's annual general meeting to answer shareholder questions about the conduct of the audit, the preparation and content of the audit report, the accounting policies adopted by the Company and the independence of the auditor in relation to the conduct of the audit.

All resolutions at general meetings are decided by a poll.

Shareholders are encouraged to provide their email address to the share registry to facilitate electronic communications.

(b) Continuous disclosure policy

The Company does not have a written disclosure policy. It is not considered that a written policy is required at this time due to the size of the Company and the scale of its operations.

The Company is committed to ensuring that shareholders and the market are provided with full and timely information and that all stakeholders have equal opportunities to receive externally available information issued by the Company, including any new investor or analyst presentation which is released on the ASX Market Announcements Platform in advance of the presentation. This approach reinforces the Company's commitment to continuous disclosure and outlines management's accountabilities and the processes to be followed for ensuring compliance.

The Company Secretary has been nominated as the person responsible for communications with the ASX. This role includes responsibility for ensuring compliance with the continuous disclosure requirements with the ASX Listing Rules and overseeing and coordinating information disclosure to the ASX.

6. RECOGNISING AND MANAGING RISK

The Board is responsible for ensuring there are adequate policies in relation to risk management, compliance and internal control systems. The Company's policies are designed to ensure strategic, operational, legal, reputation and financial risks are identified, assessed, effectively and efficiently managed and monitored to enable achievement of the Company's business objectives. Considerable importance is placed on maintaining a strong control environment. There is an organisation structure with clearly drawn responsibilities.

(a) Board oversight of the risk management system

The Company is not currently considered to be of a size, nor is its affairs of such complexity to justify the establishment of a separate Risk Management Committee. Instead, the Board, as part of its usual role and through direct involvement in the management of the Company's operations ensures risks are identified, assessed and appropriately managed. Where necessary, the Board draws on the expertise of appropriate external consultants to assist in dealing with or mitigating risk.

The Board is responsible for approving and overseeing the risk management system. The Board reviews, at least annually, the effectiveness of the implementation of the risk management controls and procedures. A review of the risk management system took place during the reporting period.

The Company is not currently considered to be of a size, nor is its affairs of such complexity to justify the establishment of an internal audit function. The Company is satisfied that the processes it employs bring a systematic, disciplined approach to evaluating and continually improving the effectiveness of its risk management and internal control framework.
